Oyster Shuckers' Eye Disease.

"The oyster shuckers' eye disease" is the title given by the professional staff of the Presbyterian Eye and Ear hospital to a trouble affecting a large number of their patients at this season of the year. It is believed that the pecul-iar kind of ulceration of the eyeball which is known by this title is caused by the juice of the cyster touching the cornea of an eye which has previously been slightly injured. The doctors say they can tell exactly when the oyster season is at hand by the appearance of patients with this complaint within twenty-four hours after the opening of the packing establishments, and they claim that this complaint disappears promptly with the close of the oyster season.

The shuckers come to the institution complaining that they have had their eyes hurt by a chip of the oyster shell, but the ulcer is entirely different to the physician's eye to that caused by an abrasion from anything else, such as a nail, chip of marble or rock, a pin, or even a clean shell. A more look at the ulcerated cornea suffices to determine that the patient is an oyster shucker.

The disease yields easily to treatment

and very frequently the patient is so far relieved of pain as to be able to return to his work within twenty-four hours. What is called the sterilizing treatment is applied to the sufferers. It consists of applying cocaine to the eye until all sensibility has been lost, and then carefully touching the ulcer on the corner with a platinum wire heated to whiteness by a galvanio current.—Baltimore American

Youthful Suicide Mania.

The Hospital, commenting upon the suicide mania among schoolboys in Vienna, which it attributes to the sense-less mania for over-intellectual culture, says: "In these days the tyranny of learning is driving the world to madness. Professors of all sorts have got the upper hand, and their supremacy threat ens to be fatal to the rest of the world Here is an opportunity for medicine. If doctors were large minded and capable men like Shakespeare and Bacon they would see the truth and assert their scientific authority. But what are they doing? Nothing at all to guide the in the matter! They are the Floor Director - - - - S. J. Rodgkinson worst offenders of all in the way of inflicting upon young men unlimited intellectual tasks, the doing of which is of no practical service to anybody. Sleeplessness, nervousness, mania in every form are upon us, and nothing is done. The whole medical world itself is in full cry straying who shall be first to put salt on the tail of the tubercle bacillus. It is as if all the forces of the empire should be sent to arrest a lunatic at Wick while a foreign army was in possession of Penzance.

A Ghastly Cargo.

A special train of three cars arrived in C. ROVACOVICH. the Union Pacific depot at Walla Walla, Wash., last week with a ghastly cargo, consisting of the entire contents of the military graveyard at Fort Lapwai, Idaho. There were upward of sixty caskets, nearly all receptacles of soldiers bones. The reported reason for the removal is that the land whereon the cemetery was located had been taken up by settlers, who show a disposition to level the graves and plant their seed Vegetables, Hardware, Orockery, Glassware over the remains. Uncle Sam's guardians didn't relish this idea, and lence the transfer. The Fourth cavalry, with the band, in full dress and accounter. ments, were at the depot to meet and conduct the mortuary procession to the cemetery at Fort Walla Walla, where the remains were reinterred with mili. the remains were reinterred with mili-tiry ceremonies.—Philadelphia Ledger.

To Shorten the Time.

The journey from London to Berlin will soon be shortened by more than an hour The Great Eastern, which has done so much to cheapen continental traveling, intends starting a new daily service between Harwich and Hoek van is a service between Harwich and Hock van Holland. The whole matter was recent ly settled at a confidential conference in which the representatives of all the Dutch railways took part. The Hock line will prove a powerful rival to Ostend.—London World,

A new sketching apparatus for cyclists has recently appeared in England. The paper is placed on a small board in front of the cyclist, and the work can be roughly contoured in about half the time ordinarily required.

MISCELLANEOUS.

The story is told of a man, who took the hands of his clock to the maker to have then fixed, because they did not keep proper time. Of course, the clock-maker demanded the works, as in them lay the trouble. Boils and blotches, pumples and other cruptions on the exterior tell of a disordered condition of the blood within. If you have there indications, be wise in time, and take Dr. Pierce's Golden Medical Discovery. It puts the liver and kidneys in good working order, purifies the blood, cleanses the system from all impurities, from whatever cause arising, and tones up the functions generally.

"Golden Medical Discovery" checks the frightful inroads of Scrofula, and, if taken in time, arrests the march of Consumption of the Lungs (which is Lung-scrofula), purifies and enriches the blood, thereby curing all Skin and Scrip Discasse, Ulcers, Sores, Swellings and kindred aliments. It is tenue as well as alterative, or blood-cleansing, in its effects, honce it strengthens the system and restores vitality, thereby dispelling all those languid, "tired feelings" experienced by the debilitated, i.specially has it manifested its potency in curing Totter, Salt-rheum, Eczems, Eryspelas, Boils, Carbuncles, Sore Eyes, Goltre, or Thick Neck, and Enlarged Glands.

"Golden Medical Discovery" is the only blood and lung remedy, sold by druggists, and quaranteed by its manifested recomplish, or money paid for it will be refunded. World's Dispensary Medical. Association, Manufacturers, Buffalo, N. Y.

A MINT IN COLORADO.

There appears to be a mint in Colorado where the coinage of silver dollars is carried on without the consent of the Government. The Sheriff of Crook couty in that State, captured a man who had in his posassion forty-eight fresh coined spurious dollars. The coins are not stamped like the genuine but cast in a mold, yet it seems they pass readily among the graders on the Burlington road and the coal minere. The officers are searching for the plant, but, as yet, have not been able to discover

It is not stated whether the coins are made of standard silver or of a less valuable metal, but with the market value of pure silver, \$1 04 per ounce, there is a handsome profit in making them of silver .900 fine, the same as that of which genuine standard dollars are composed. There are 37114 grains of pure silver in a dollar, the market value of which at present is about 81 cents, so the counterfeiter by using silver of standard fineness would make about 19 cents profit on each coin, that being the amount which free coinage would place in the pocket of the bullion producer on each dellar's worth of silver, instead of increasing the Treasury surplus.

LEGISLATURE ORGANIZED.

The Fifteenth Session of the Nevada Legislature convened yesterday at Carson. Both Houses were promptly organized by the election of officers previously agreed upon in secret caucus. The Senate made a move toward retrenchment by dispensing with the services of Assistant Sergeaut-at-Arms, but the House postponed action on reform until a later day. The Senate, which is composed of twenty members, contented itself with over one half that number of attaches, white the House deoided to elect the usual number-saventeen-and consider retrenchment later in the session.

The Legislative Department of the State Government is new under full headway with 88 members, including attaches, each and all fully determined to make sweeping reforms, which will electrify their constitaeats, in the Legislature which is to meet two years hence.

PROFESSOR KOCH'S REMEDY.

The medical profession is not satisfied with the statement published by Professor Koch purporting to give the ingredients of which the celebrated ''lymph'' is composed, and the method of preparing it. Dr. Durnat, who is recognized as one of the leading physicians of New York says: "I have carefully read the publications which state that Dr. Koch has revealed the composition of his lymph, but I do not see how physicians here can know any more about it than they did before. The long statement which Dr. Koch gave out does not tell how lymph is made or what it is composed of. There is no analysis given to the profession whereby a chemist might manufacture lymph here. It is not stated how the mixture is made or what it is made out of. If this is all that Dr. Koch has disclosed the secret of the lymph's compoition he still keeps to himself for som purpose."

As an instance of the severity of the Winter in Europe and Northern Africa, it is stated that the inhabitants of Sobien, a small town in Algiers, are snowed in and starving, horses, mules and camels being killed for food. French troops, dispatched with provisions to the starving town, were snow bound on the way and suffered intensaly from cold.

Lord Grimthorpe, who made the models for the big clock at Westminster, has fin ished a clock for the Postoffice at Sydney which is the largest ever made in England It has a novel attachment emitting an electric-light flash lasting five seconds every hour during the night, so those a long distane away can ascertain the time.

It is an astonishing fact says American Carpet Trade, that a gold dollar can be ter into a sheet that will carpet a room thirtythree feet square. A firm in Cincinnat each year beats 21,000 gold dollars into such a fabric, not, however, for the purpose of carpeting.

A New York disputch says all politica signs point to the nomination and election of Gov. Hill to the United States Senate to succeed Everte, the nomination of Riswall P. Flower for Governor, and the nomination of Grover Cleveland for Presiden in 1892.

George Harlau and Mrs. Kate Woodson were married recently in Dyer county Tenn. The bridegroom is a hale and hearty man of one hundred and seven years, an his bride was blushing under the weight c

eigty-three Summers. The factional fight between Republicans in the Colorado Legislature continues and

the Assembly Chamber is in possession of Deputy Sheriffs and Pinkerton's men. E. S. Pierson, ex-County Treasurer of

A meeting of the commanders of various detachments of troops this afternoon was beld to decide upon certain tactical movements and at the same time the general situation was canvassed. The uneasiness among the Indians in the morning rather died away this afternoon, and Two Strikes came in with thirty of his men and delivered up twenty guns, mostly of obselete pattern.

The uneasiness among the Indians today was caused by the news of the killing of Few Tails and his party told in yesterday's dispatches, they being firmly convinced he was massacred without reason.

On account of the bad effect on the young bucks, General Miles has ordered forage for twenty days longer, and will himself remain here until everything is quieted down.

Status of Children by Polygamos Marriage.

Special to the Journal

Washington, January 19 .- Justice Brown to day rendered his first opinions as a member of the United States Supreme Court. He delivered two opinions, of which the more important was in the case of George H. Cope vs. Janot Cope and Thomas H. Cope, brought here on appeal from a decision of the Supreme Court of the Territory of Utah. The question involved was whether or not by polygamous marriage he had the right of inheritance from his father, it being claimed that he was illegitimate. The Court holds that a son by polygamous marriage did have the right and reverses the Judgement of the Territorial Court.

The Court says the Edmunds-Tucker Act declared legitimate all children of Mormon parents born within less than twelve months from its passage. The object, the Court says, was to make these unfortunate children an especial object of care and to make the perents relinquish polygamy by fixing a period until after which their offspring should be legitimate.

BREVITIES.

D. A. Bender was down from the Capital yesterday.

Nevada Lodge No. 5., A. O. U. W., moets this evening.

P. N. Marker, of Lovelock, arrived in town yesterday. Thomas E. Haley and John Shoemaker,

of Eureka, are in town. Henry Morris returned from a trip to

San Francisco last night. The Patriarchs Militant, Canton No. 2

will meet this evening at their hall. About all of the defeated candidates for

positions have raturned from Carson. John R. Bradley returned from Elko

Sunday and went to Carson yesterday. W. O. H. Martin, G. H. Cunningham

and A. C. Bragg visited Carson yesterday. C. T. Bender, Cashier of the First Na tional Bank, left for San Francisco last

arrived here yesterday with eight carloads of beef cattle for San Francisco. J. M. Dormer, ex-Secretary of State, came down from Carson last night and pro-

ceeded to Stockton, where he resides. The Tribune says, Senator Frank Emmitt, of Washos county, has entered the

ring against Frank McCullough for the Prison Wardenship. Quite a number of ladies and gentlemen of Reno went to Verdi last evening to skate

and enjoy the sight of cutting and putting up ice by electric light. The county yesterday purchased all the

property advertised for sale for delinquent taxes. The delinquents have six months in which to redeem the property.

Ex-Attorney General Alexander, accompanied by his mother, left for Los Augeles, California, Sunday night. His health continues precarious and it is hoped a change of climate will benefit him.

A number of citizens of White Rock, in the northern part of this State, says the Elko Independent, have applied to Gov. Coloord for arms, being somewhat alarmed at the possibility of an Indian outbreak.

The Essex Ice Company is busily engaged harvesting its ice crop. The cutting and storing is done at night by electric light, and aix or seven thousand tons will be stored this week. The crop is of su-

perior quality. The Eureka Sentinel says R. Sadler the energetic merchant and defeated candidate for Lieutenant Governor at the recent election, a few days ago received from Constable Ravell the appointment of Deputy Constable. Sadier said that if he could not get elected to an office he could get one by

appointment. The Journal is indebted to the California State Mining Bureau for a copy of the Tenth Annual Report of the State Mineralogist, William Irelan, Jr., for the year onding December 1st, 1890. It is a volume of 933 pages, containing much valuable information relating to the mineral resources

The Board of Commissioners met yesterday and extended the time for receiving teacher and \$2 384252161 for each child of proposals for bridging the Truckee near the Marbie Works to February 2nd, moon. The Board also granted permission to R. S. Osburn to replace the sheds and barns on his premises on Fourth street with a hardficished cottage.

called to order by Lieutenant Governor; Poujade, Judge Belknap of the Supreme Time of Arrival and Departure of Malls. Court administering the official cath to the new members, and the following named persons, previously chosen in caucus, were elected: President pro tem, H. A. Comins of White Pine; Secretary, George I. Lammon of Storey; Sergeant-at-Arms, G. E, Holesworth of Washoe; Minute Clerk, George Oliver of Douglas; Journal Clerk, Percy Parkinson of Ormsby; Enrolling Clerk, William Lawrengon of White Pine; Engrossing Clerk, W. O. Young of Etko; Copying Clerk, Miss Luzzie Stock of Lyon; Committee Clerks, Miss Belle O'Leary of Lander and P. U. Mighels of Ormsby; Messenger, Ed. Phillips of Eureks, and Page, George Redmond of Storey.

Committees were appointed to inform the Governor and notify the House that the Senate was organized and ready for

THE ASSEMBLY.

At noon the Assembly was called to order by Hon. O. H. Grey, Secretary of State. The oath was administered to the members, and the House was organized by the election of the following officers, previously agreed upon in caucus: Speaker, O. F. Bicknell of Ormsby; Speaker protem, T. A. Menary of Storey; Chief Clerk, A. C. Pratt of Douglas; Assistant Clerk, Thomas Alley of Esmeralda; Sergeant-at-Arms, James R. Williams of Storey; Assistant Sergeant-ar-Arms, Frank Wilson of Esmeralda; Journal Clerk, Benjamin Lee of Washoe; Minute Clerk, Miss Isa Likens of Lyon; Enrolling Clerk, H. W. Higgins of Washos; Engrossing Clerk, D. T. Humphreys of Humboldt; Copying Clerks, Miss Helen Martin of Ormsby and Miss Clara W. Hughes of Storey; Committee Clerks, Miss Gertie Mitchell of Lander, Miss Lydia Hosking of Storey and Paul Averill of Storey; Messenger, James J. McKenna of Washoe; Pages, Fred Bradley of Ormsby and Miles Sharkey of Ormsby; Porter, Newton Morgan of Storey.

The Senate dispensed with the services of Chaplain, and the Assembly appointed a 1891: committee to invite the clergymen of Carson to officiate alternately as Chaplain, their pay being fixed at \$2 50 per day.

The Governor sent the message of ex-Governor Bell to both Houses, and it was referred to committees, after which the Senate and Assembly adjourned.

OPEN TO SETTLEMENT.

All the Agricultural Lands on Military Reservations in Nevada Subject to Entry.

The officers of the United States Land offices at Carson and Eureka have been officially notified by the Commissioner of the General Land Office at Washington that all the agricultural lands embraced within the military reservations in the State of Nevada are open for settlement under the homestead laws as provided by Act of Congress approved October 1, 1890.

There are three military reservations in the Carson Land District, namely: Camp McGarry,, Camp McDermit Post Reserve and Camp McDermit Hay Reserve, and two in the Eureka Land District, namely: Carlin and Fort Hall eck.

Two of the reservations-Fort Mo-Dermit and Carlin—have been surveyed and are ready for disposal under the provisions of the Act, and the other reservations will doubtless be surveyed at an early day.

These reservations comprise thousands of acres, much of which, however, cannot be cultivated because of the scarcity of water. The Camp McGarry reservation alone consists of nearly two townships, or about 40,000 acres.

Apportionment of School Moneys.

The sum of \$5,515 57 has been oredited to the school fund of Washos county from the first semi-annual apportionment of State school moneys for the year 1891, and the sum has been apportioned to the school districts on the basis of \$76 0768 to each

In this department during the past year four or five different teachers have been employed, and in consequence the class is in a somewhat demoralized condition. During the holidays Mr. Arnold, who had been teaching the room for the four menths prior thereto, resigned his position and the Board sel cted Miss O'Rourke, of Cal fernia, as been compelled to resign and the position sizes. is again vacant. The Board is now easting about for a teacher and it is to be hoped that they may this time secure a good one.

What is needed in this grade is an experienced teacher, one who is able to teach grammar and high school branches, and to govern well. Principal Bray has personally taken charge of the room pending the further action of the Board.

Installation of Officers.

A joint installation was held by O. M. Mitchell Post, G. A. R., and the Women's Relief Corps last evening. The following officers installed in the Post were: Wm. Lucas, P. C.; E. B. Monroe, Sr. V. C.; O. Barber, fr. V. C.; W. L. Bechtel, Adj.; A. G. Fletcher, Q; J. J. Nicholson, O. G.; Peter West. G.

The officers of the Women's Relief Corps installed were: Mrs. Annis Gos, Pres.; Mrs. Annie Chambers, Sen. V. P.; Mrs. Minnie Clough, Jr., V. P.; Mrs. Nellie Hussey, Sect'y; Miss Ione Gould, Treas.; Mrs. Carrie Thomas, C.; Mrs. Emma Bradshaw, G.; Miss. Prudie Hymers, A.; Mrs. Edith Burner, Asst. G. The retiring President, Mrs. Eilen L. Wallace, was presented with a valuable gold pin and the retiring Secretary, Miss Mary Alt, was presented with a set of silver spoons, and the retiring Treasurer, Mrs. C. E. W. J. Hanks, of Elko, died at Wells, in that county last Saturday, the 17th just. He went to Humboldt county, in this State in 1862, and in 1864 went to Silver City. Idaho, from which place he subsequently returned to Nevada and was elected Sheriff of Storey county. He was elected to the Legislature from Elko county some years ago and of late was engaged in the cattle business in that county. He was a true representative of the Pacific Coast p oncer, broad-minded and liberal, and had hosts of acquaintances, everyone of whom was his friend. He was in Reno a few weeks ago, apparently in perfect health. His death regulted from blood poisoning oaused by virus from an ox-hide.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and erying with pain of cutting teeth? If so send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhosa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflamation, and gives tone and 128 53 reduces inhabition, and gives tone and 90 38 energy to the whole system. Mrs. Winsser 188 00 low's Soothing Syrup for Chifdren Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggiets throughout the world. Farnham's patent stove pipe drums are just the thing for this cold weather. They ave at least onc-fourth of the fuel used, and distribute the heat through the room instead of having it escape through the chimney. They are worth ten times what they cost where fuel is high, and they save the labor of putting wood or coal in the stove where it is cheap. Hume Yerington has the agency for the coast, and Joseph H. The lake of water which this dam will imprison will be eight square miles in area, so that Bombay need be under no apprehension once the viceroy has officially declared the sluices open and the pipes of sixty miles long are in working order. Mr. Glover has 12,000 Hindoos, all of whom he has trained to this special work, employed on the dam. To his thirty years' labor among the natives is due the fact that there are in India today 500,000 men, all capable stonemasons, carpenters and navvies, who have been employed on his contracts for great public works.—Pall Mall Gazette.

Cool Work by a Robber.

A man or commanding appearance, about 23 years of age and nicely dressed, stopped at the residence of George Hotvel, a farmer, who lives south of Massoutah, Friday morning, and asked for a breakfast, which he said he was willing with his revolver and ordered him to keep his mouth shut on penalty of being shot.

The farmer's wife then attempted to assist her husband out of his predicament, but was promptly knocked down by the stranger, who made Hottel and nis wife sit opposite him at the table, with their hands behind them, while he quietly enjoyed his breakfast. Having appeased his appetite he coolly shook hands with the farmer and his wife, bade them an affectionate farewell, took to the woods with his plunder and has not been heard from.—St. Louis Republic.

They have been taking a census in iceland recently, and they are in trouble there, too; but their trouble is not about the congressional representation. It is something even more serious. It appears that so great has been the hegira to Canada and the United States it has taken away from the island fully 20,000 people. This does not seem such a very large number, except when one considers that the original population was only about 80,000. One-fourth of the entire population then has emigrated! The result is disastrous. Taxes have been greatly increased, while properties have become reduced in values. The harvests, too, have been greatly lessened. There seems to be but one way out for the Icelanders They must all follow the vanguard and abandon their island to the walrus and bear. Perhaps a few centuries hence some Professor Horsford will discover evidence of human habitation at some pre-historic age in Iceland. Boston Advertiser.

Electric Plowing.

An installation for the purpose of plowing the land by electric motors has been set up on the property belonging to the Marquis de la Laguna. The power of a waterwheel of some twenty horse power will be employed, and the implement for working the land is expected to work at a distance of three miles from the generating dynamo. So far as the electrical plant is concerned all is right, but a deficiency of mechanical and agri-cultural knowledge on the part of those intrusted with the work seems likely to make this trial a failure. This is much to be regretted, as the promoters of the experiment have been fortunate in finding a landowner who is disposed to make a trial of such an important application of electricity.—Industries.

A Military Bear Forages.

The regimental bear of the Seventeenth lancers, which has recently come to England with his regiment, took furlough without permission and started out to inspect Shorncliffe, much to the alarm of the inhabitants. Bruin first supped off two chickens, and then walked over some cottage roofs, refusing flatly to return home for all the coaxing of his military keepers. The animal next made off across country, and while a search party were looking for him everywhere in despair he quietly returned to camp of his own accord.—London Letter.

Why the Red Flag Flew.

the steamship Knutsford, which arrived at New York a few days ago from Laverpool, was an object of interest to all vessels that passed near her moorings in Gravesend bay. There were 14,000 pounds of dynamite stored in the hold of the Knutsford, and the least jar might have exploded the dangerous cargo and blown the vessel to pieces.-New York Letter.

A Serious Laughing Matter. While laughing heartily Mrs. John Patterson, a colored woman of Brazil, Ind., ruptured the optic nerve of one eye, producing instant blindness in that organ. Physicians say that not a similar case is recorded in medical annals.—St.
